

February Latin *februarius*, from *februa*, the name of a Pagan purification feast held in this month. [January](#) & [February](#) were added by Paganists.

But it is really God's 11th Month just called 11th month by God, pagan name Shevat, **and God's 12th month** just called 12th month, pagan name Adair 1. 5783 but really is +207 years=5990/2023.

This calendar is NOT an averaging calendar. If you believe that Christ used an Averaging Calendar, **then you do NOT have salvation**, because you cannot add "ANYTHING" to God's Bible Deut 12:32.

Because if Christ added an averaging calendar then He broke His Father's Law and therefore was NOT and could not be a valid unblemished sacrifice for us=NO averaging Holy Days.

This Calendar portrays the "EXACT" Holy Day, as **no minister/person has the right to average/re-set** God's "SET" APPOINTED **HOLY Time!** www.SchoolOfElijah.org

Lunar Calendar for Jerusalem, Israel which "sets" the START DATE for all God's months Westward around the earth. You do NOT follow man's phony 1883 IDL (International Date Line) causing Australia to move God's Holy Sabbath to the 6th day Friday starting Thursday evening, which is ridiculous, Yet all the FOOLISH Church Ministers stupidly follow the 1883 IDL= having God's Sabbath start on Thursday night.

This calendar is the 6th Year of the 4th Sabbatical Cycle. The 27th year of the 120th year Jubilee Cycle.

The 4th Sabbatical Cycle after the 119th Jubilee Cycle. The Sabbatical Cycle of Sword, Famines. Moon Phases are based on Jerusalem Time.
