## Have an Exit Plan

---

Almighty God our Father we assemble before you to give you thanks and praise your glorious name on this Sabbath day, and to be instructed in your word. To you, belongs the greatness, and the power, and the glory. All that is in the heaven and in the earth is yours and you are exalted as head above all. We pray that you will guide the services today, inspire the speaking and the hearing, and open our eyes to see your truth as we share this message to others. Fill your people with your Holy Spirit and help us to be obedient to your command to go forward in faith and bear witness of the truth and mercy that we have received from your hand. Guide and direct us and give us the right words at the right time in every situation. So Father, in the name of Yeshua, we commit this service into your hands thanking you for your mercy, truth, love and compassion. Amen.

Greetings! All the fiction and fantasy have nothing to compare with the miracles of God in the history of the human race. Tonight will be the new moon and the first day of the month of Adar. This year is a leap year and we will have an Adar II and then will come Nisan the first month of the Hebrew year in the spring. This means that we are about 2½ months away from *Pesach* –Passover. We are almost through this winter and spring is on its way. The spring Equinox will be March 21 – 22. Today is Shebat 30<sup>th</sup> and a Hebrew month cannot have more than 30 days or less than 29 days, unless God would intervene as he did in Joshua’s long day. The book of Habakkuk says it will happen again in the Day of the Lord. God will once again hold the sun still in the heavens and the earth for about the length of a whole day. What happened in the days of Joshua is really a type or forerunner of what is going to happen in our day. The world is going to learn that God exists and that He rules in the affairs of heaven and earth and throughout the Universe. We serve a loving and merciful God who does answer prayer and does intervene.

An email came from Paul in Canada who was with us at the Feast of Tabernacles two years ago and was baptized during the feast. At the end of the eighth day of the feast, everyone who was attending the Feast of Tabernacles with us met at one of the local restaurants for a last meal together. This health conscious restaurant has merited a four star rating in the state of Washington and creates delicious homemade soups, salads, entrees and breads baked on the premises. The restaurant owner buys her supplies of grain, honey, nuts, veggies, fruits, and meats directly from the local farmers in our area. Paul shared his enthusiasm, humor, love and heartfelt gratitude by surprising everyone who found out their dinner tab had already been paid for by Paul. He writes: “Hey, Mr. Dankenbring, congratulations on your 73<sup>rd</sup> year milestone in your life. With your vim and vigor reaching 80 should be no problem (Ps. 90:10). That is just seven years ahead and if it all works out Messiah will be here by then.”

Well, brethren, I am not going to set dates, but I think Paul may be right. I mention dates and am interested in mathematics, calculations and dates. The Bible gives us clues that can be researched to a greater extent. By searching the scriptures to find more information that fits the given clues together, we can gain more understanding. I think we are in the beginning of the Great Tribulation and the time of Jacob’s Trouble. It is the time that in the book of Matthew which is called *the beginning of sorrows* or travail leading up to the return of Messiah. But we are not there yet—the end is not yet.

*Headlines in the News:* The Middle East remains a cauldron of unpredictability. Just months ago, a fundamentalist regime openly hostile to Israel, ruled in Egypt. Almost overnight, a group of military

officers seized power, and remarkable, they managed to do so while maintaining the popular support of the Egyptian people. Hamas leader Hassa Yosef told an Israeli news agency on Sunday that a third Intifada or Arab armed uprising is just a matter of time.” His remarks were made just one week after his release from an Israeli prison, and moments after an official from long time rival, Fatah, headed by Mahmoud Abbas, called on increased terrorist attacks on Israel. Israel is being pressured by U.S. Secretary of State, John Kerry and the Obama Administration and the whole United Nations into this treaty between the Palestinians and Israel is to come to a forced “*peace*” agreement. About that time, the world will say now we are going to have peace, as if peace depended on that peace treaty between Israel and the Palestinians. Does it depend on that? The Apostle Paul says in **1 Thessalonians 5:3**—“when people are saying, “Peace and safety! sudden destruction comes upon them, as labor pains upon a pregnant woman. And they shall not escape.”

*Israeli Minister stirs controversy after calling for “Third temple.”* Israel’s Minister of Housing and Construction, Uri Ariel on Friday said that he would like to see the construction of a “third Temple” on the Temple Mount in Jerusalem. According to the *Alray Palestinian News Agency*, Uri Ariel said “The first temple was destroyed in 586 BCE, the second temple in 70 CE, and ever since the Jews have been mourning its loss.” He then went on to say “Al-Aqsa Mosque is currently in place of the temple, despite the temple being much holier than it. Al-Aqsa Mosque is only the third most holy mosque in Islam.” A poll commissioned by the Knesset Television Channel and carried out by the Panels Institute (7-19-10) found that half the Israeli public wants the Holy Temple (Beit HaMikdash) to be rebuilt. *Should the State of Israel take active steps towards the reconstruction?* Forty-eight percent said no, while 27% said yes. Given the current political climate, the onset of construction of the Beit HaMikdash, and possibly even a poll on the subject, is not likely to go over quietly in the Islamic world, which currently has day-to-day control over the Temple Mount.

*Shocker:* “Secret \$8 billion deal between Obama and the Muslim Brotherhood. Why would Obama have a secret \$8 billion deal with the Muslim Brotherhood? The following is a summary of a video in Arabic that reveals an agreement made between Barack Obama and Mohamed Morsi’s Muslim Brotherhood, to give 40% of Sinai to Hamas in exchange for \$8 billion that has **already been paid**. This agreement was signed by Khairat el Shater (number 2 of the Brotherhood), by Morsi, and the Supreme Guide of the Muslim Brotherhood. A sum of \$8 billion was paid in exchange for the land.” No wonder Obama is asking the Egyptian Army to release Morsi. Is it any wonder that the America has a \$17 trillion debt and that we fund our enemies as the way to peace, giving money to our enemies? **Hosea 8:7**—speaks about the apostasy of Israel, “*For they have sown the wind and they shall reap the whirlwind...the strangers shall swallow it up.*”

The Egyptians know from their history what a violent organization the Muslim Brotherhood was and is. Anwar Sadat, who tried to make peace with Israel was assonated by the MB. An attempt was made on Gamal Abdel Nasser’s life led by *The Muslim Brotherhood* in 1954. But Nasser got wind of their plot and ordered a crackdown on the organization, executed about 30,000 of them and put another 80,000 or so in prison and placed Egypt’s President Mohammad Naguib under house arrest and assumed executive office. The Muslim Brotherhood has not changed. They are a terrorist organization. God says in **Jeremiah 13:23**—“Can the Ethiopian change his skin, or the leopard his spots?”

[Shoe bat.com](#)—“*Obama family discovered to be part of secret Muslim Terror Operation*” by Walid Shoebat, a former Muslim Brotherhood member now a peace activist (2/1/14). “The Obama Family discovered to be part of secret Muslim Terror Operation.” They have promoted Wahhabist interests in Saudi Arabia and have been supporters of the Muslim Brotherhood in Egypt. More damning evidence reveals the Hamas financing connections of President Obama’s brother, Malik Obama, adding further to

what we previously disclosed. The Islamic Dawa Organization (IDO) which Malik Obama helps lead as Executive Director, is a member organization of “**The Union of Good**” (UG), which the U.S. Treasury designated as “Terrorist”.

“The official website for UG still shows the IDO of Malik and his boss Suar al-Dahab as being an official member organization in the coalition. UG is an umbrella organization that represents over 50 Islamic fundraising groups worldwide and was designated by the U.S. Department of Treasury as a terrorist entity under *Executive Order* 13224. This authorizes the U.S. government to block the assets of organizations and individuals that provide financial support to terrorist organizations. According to the U.S. Department of Treasury, Hamas leadership founded the UG in 2000 shortly after the inception of the second Intifada with the purpose of facilitating the transfer of funds to Hamas.” “Damning evidence: According to the UG website’s home page the two main photos of its two greatest leaders are #1 president of its organization Yusuf al-Qaradawi (the unwavering supporter for Hezbollah, Hamas and Palestinian Islamic Jihad) and the #2 man is none other than Suar al-Dhahab, Malik Obama’s direct boss.”

*moneyandmarkets.com* (1/27/14) Charles Goyette. While U.S. news media have been focusing in recent weeks on the slow collapse of Obama Care...another, potentially far more disastrous Administration policy proceeded without delay, but with very little notice: the shipment of massive amounts of advanced weaponry to Al-Qaeda affiliated terrorist groups in Syria. The Syrian rebels have foreign made MANPADS (short for man-portable air defense systems).” The *Los Angeles Times* revealed (6/13) that CIA specialists have spent the past year and a half training “Syrian Islamic groups in the use of anti-tank and anti-aircraft weapons (missiles).” In August 2012, Obama signed one of the least secret “secrets” order authorizing the CIA and other U.S. agencies to provide support for the Syrian rebels. In late November 2013, the French newspaper *Le Figaro* reported that CIA operatives, working with Jordanian and Saudi intelligence, have provided Syrian rebel groups with at least 600 tons of advanced weaponry including deadly anti-aircraft guns.

As incredible as it sounds, the Obama Administration...with the full knowledge and approval of key member of Congress and the intelligence services...is shipping massive amounts of guns, missiles and high-technology weapons to the Muslim Brotherhood. The MB is a global Islamist organization that seeks to reestablish the historic global Muslim empire, or Caliphate, extending from Indonesia in Asia all the way to Spain. The U.S. government wants to portray the Syrian rebels as democratic freedom fighters. One military official estimated that Al-Qaeda affiliated radical Islamic groups in Syria now constitute “more than 50 percent” of the rebel force and are “growing by the day.” According to Court documents in the United States, the Brotherhood’s goal is...“a kind of grand jihad for eliminating and destroying the Western civilization from within and ‘sabotaging’ its miserable house by their hands and the hands of the believers so that it is eliminated and Allah’s religion is made victorious over all other religions.”

Senator Bob Corker of Tennessee, the senior Republican on the Senate Foreign Relations committee, said that intelligence officials in the Obama Administration are having the CIA and “black ops” units secretly arm Islamic groups because they know the public won’t support such moves. “What they are seeking is to do this covertly, so that they never need to make a case to the American people and only a handful of people are involved. I think it is a terrible policy.”

Well, that is the *nature of the* “beast” in the book of Revelation. It is also the nature of Satan the devil, the destroyer who is going to inspire, invade and make his abode in the beast known as the antichrist in the not too distant future. Satan entered into the heart of Judas Iscariot who betrayed Christ for thirty pieces of silver. Judas became what is called a “son of perdition”. 2 **Thessalonians 2:3** says the day of Christ’s return shall not come except there be a falling away first, and **the man of sin be revealed,**” *the son of*

*perdition*—the same as the beast power antichrist of Revelation, and called in Daniel 7 *the little horn*. **2 Thessalonians 2:7**—“For the *mystery of iniquity* (literally: *lawlessness*) does already work: only he who now letteth will let, until he be taken out of the way.” **8** – “And **then shall that Wicked** (literally: *lawless one*) **be revealed**, whom the Lord shall consume with the spirit of his mouth and shall destroy with the brightness of his coming.” “Perdition” means eternal destruction.” **2:3** – “a falling away”. Greek *he apostasia* means the rebellion or the departure.

*Infowars.com* (Paul J. Watson) 1/31/14—“A third banker has committed suicide with the space of a week, once again prompting speculation that some kind of financial collapse could be just around the corner.” It could occur in a series of stages or steps beginning this year or 2015. Mike Dueker (50 years old), the chief economist at Russell Investments, was found dead at the side of a highway that leads to the Tacoma Narrows Bridge in Washington state, according to the Pierce County Sheriff’s Department, reports Bloomberg. Dueker fell down a 50 foot embankment in what police are describing as a suicide. He was reported missing on January 29 by friends, who said he had been ‘having problems at work.’ Dueker’s apparent suicide, follows those of London banking executives Gabriel Magee and Bill Broeksmit. Magee, a 39-year-old senior manager at JP Morgan’s European headquarters, jumped 500 feet from the top of the bank’s headquarters in central London on Tuesday, landing on an adjacent 9 story roof.”

“Last Sunday, former Deutsche Bank executive Broeksmit was found dead at his South Kensington home after police responded to reports of a man found hanging at a house.” According to reports, Broeksmit had “close ties to co-chief executive Anshu Jain. In addition, a U.K.-based communications director at Swiss Re AG also died last week but the cause of death has not been made public. Banker suicides would be expected in the aftermath of a major stock market collapse, but the Down Jones hit a record high just last month, although recent days have seen markets suffer heavy losses. Some have speculated that the suicides could be related to a flurry of recent indications that some kind of major financial crash is approaching. Earlier this week, Russian lender ‘My Bank’ banned all cash withdrawals until next week, while UK-based HSBC imposed capital controls on customers attempting to withdraw larger sums of money.”

Signs in the heavens of two blood red moons are to occur this year, followed by two more next year. The first blood-red moon is due to be seen at Passover this year and the second one on the first day of Sukkoth during the Feast of Tabernacles. The same heavenly signs of two blood red-moons are to occur the following year in 2015 again at the time of Passover and the first day of Sukkoth during the Feast of Tabernacles. The last time this happened during a tetrad of blood red moons and the 1967 Six-Day Arab-Israeli War. The time before that was 1948-1949. Back in 1492-1493 they occurred when Columbus sailed the ocean and discovered the new continent, and King Ferdinand and Queen Isabella of Spain expelled all the Jews out of Spain.

Who’s ‘godless’ now? Russia says it’s the U.S. (1/28/14). It is amazing, but in a very short time, America is now the “evil empire with its homosexuality, hating God and bullying Israel.” In such a short time, the nation has collapsed into total sin while the church, for the most part, is asleep or anesthetized. Russian President Vladimir Putin said in a recent keynote speech, “Many Euro-Atlantic countries have moved away from their roots, including Christian values. Policies are being pursued that place on the same level a multi-child family and a same-sex partnership a faith in God and a belief in Satan. This is the path to degradation.” In his state-of the nation address in mid-December, Putin also portrayed Russia as a staunch defender of “traditional values” against what he depicted as the morally bankrupt West. The former KGB officer said, “Social and religious conservatism is the only way to prevent the world from slipping into ‘chaotic darkness’.”

God says in the *Torah* if we depart from Him, then He will depart from us. If we reject Him, then He will reject us and send plagues, sword, famine, natural disasters and earthquakes upon our nation. Read **Leviticus 26** and **Deuteronomy 28**. That time is coming upon us and happening all around us. Hopefully, people will cry out to God before the end of this age comes and destruction overwhelms the world. Indonesia has experienced a 6.1 earthquake tumbling large buildings. Mt. Sinabung volcano erupts devastating nearby villages. Freak electrical storm with huge hail stones battered half the Nation of Britain. Out of 300 Christian Churches in Iraq only 52 remain; Muslims have destroyed 248. Shari law is becoming standardized by law in Western nations. “Blasphemy” laws are becoming a real threat to Christians. Any criticism about the Koran, Muslim religion or Allah can be called blasphemy and cause someone to be put in prison or decapitated.

*Science and Technology Report*: “Common GMO Tobacco Virus potentially linked to bee deaths.” “A new study has found a pathogenic virus that has jumped from genetic engineer’s favorite test-bed, tobacco, to agriculture’s most important helper, honeybees. Honeybees are vitally important to our food supply and are dying of in massive numbers. Colony Collapse Disorder (CCD) first identified in 2006, has been killing about a third of honeybees each year. Whether or not the Tobacco Ring Virus (TRSV) is the cause of CCD, the fact that a plant virus would make such a radical jump from plant to animal is a cause for concern. It’s even more interesting that it is a tobacco virus since tobacco has been the go-to plant for Genetic Modification (GM). Tobacco was the first genetically modified plant, first modified in 1982. It has remained the most popular plant for genetic modification research, with GM tobacco plant secreting human proteins, producing rabies anti-bodies, and a plant that can’t stop growing. Unlike selective breeding or even cross-breeding, transgenic engineering is what concerns GM critics the most – e.g., splicing genes from an animal into a plant to create bioluminescence. Transgenic engineering is the essence of the label “franken-food.” Now the Tobacco Ringspot Virus has jumped from tobacco to honeybees and is thriving on them. This is the nightmare scenario of genetic modification – that transgenic engineering would create, whether or not intentionally, virulent strains of viruses that would wipe out our food supply or even wipe out humans directly with genetic triggers.”

*Infowars.com/china (Paul Joseph Watson-1/20/14)*—

1) “In what PLA sources are describing as an unusually high figure, China has mobilized 100,000 troops to take part in a border exercise as part of preparations for a Korean Peninsula crisis. The drill is a normal military exercise to train soldiers to fight in winter and long-range conditions according to national state broadcaster China Central Television CCTV, however, a source from the People’s Liberation Army said it is very rare to see 100,000 military personnel mobilized for a regular exercise. The exercises have been launched in response to the execution of Jang Sung-taek, former vice-chairman of North Korean National Defense Commission which caused consternation in Beijing because Jan was seen as a trusted mediator between North Korea and China. The drills are designed to be a show of force to assert China’s influence over the troubled region. Beijing’s aggressive military posturing has intensified over recent months. Earlier this week reports emerged out of state media suggesting that China was set to attack the Filipino-occupied Zhongye Island, with Beijing determined to seize the island by force as part of a skirmish that could enflame the entire South China Sea region.”

2) “China has a new hypersonic missile. The WU-14 is a hypersonic glide vehicle which can penetrate missile defense systems by traveling at up to ten times the speed of sound. It underwent its first test flight earlier this month. This vehicle can be used to strike large military targets and is primarily designed to target U.S. aircraft carriers. Chinese military expert Chen Hu told state media that the vehicle was necessary in order to maintain the balance of power in East Asia. Its purpose is to prevent the U.S. from using its hypersonic weapons against China, adding that the Cold War-era doctrine of ‘mutually assured

destruction' is guiding policy both in Washington and Beijing." A lengthy editorial which appeared in Chinese state media last month explained how the Chinese military's current reformation process was part of a move by President Xi Jinping to prepare the People's Liberation Army (PLA) in response to U.S. aggression in the Asia Pacific, developments which have prompted "major changes" in China's national security. "Beijing has also pontificated about China's ability to attack U.S. military bases in the Western Pacific, as well as, releasing a map showing the location of major U.S. cities and how they would be impacted by a nuclear strike launched from the PLA's strategic submarine force." They are getting ready for war. America is preparing for war. The world is preparing for Armageddon—the final conflict to end civilization on earth, a WW III with the threat of using nuclear, biological and chemical weapons.

3) Infowars.com—Paul Watson & Alex Jones. *Obama launches chilling purge against political enemies.* The political persecution of former Virginia governor Robert F. McDonnell and conservative filmmaker Dinesh D'Souza for alleged and comparatively minor infractions are part of an accelerating purge being led by the Obama administration in the run-up to Hilary Clinton's 2016 presidential bid. McDonnell was charged last week with illegally accepting gifts, donations and luxury holidays from Jonnie R. Williams, Sr. totaling \$165,000 in return for lending "the prestige of the governor's office to William's struggling company, Star Scientific. Before the allegations emerged, McDonnell was seen as a genuine contender for the 2016 Republican nomination and a potential foe of Hillary Clinton. This was followed on Friday with the news that Dinesh D'Souza, director of the hit 2012 documentary 2016: Obama's America, had been arrested in New York for allegedly violating campaign finance laws for donating more than the legal limit to the campaign of Wendy Long, who ran in 2012 for the U.S. Senate seat vacated by Hillary Clinton." D'Souza himself, whose donations to Long totaled just \$20,000, was in the middle of producing another anti-Obama documentary entitled America set to be released later this year. Matt Drudge responded (1/23/14) by tweeting that Attorney General Eric Holder was 'unleashing the dogs' on Obama's critics with indictments. "Unleashing the dogs of war" reminds me of the line from William Shakespeare's play *Julius Caesar*, Act 3: "Cry Havoc! And let slip the dogs of war."

Surreptitiously, this is what President Obama is doing covertly and quietly, to his enemies. In light of the recent events and the way the IRS had been used to stifle dissent, "this arrest should send shivers down the spines of all freedom-loving Americans, said Gerald Molen, D'Souza's co-producer. When American citizens begin to suspect that people are being arrested for alleged minor violations because of their vocal dissent against their elected representatives or rules, it breeds disrespect and contempt for the law and suspicion of those officials." Radio host Laura Ingraham warned that the administration was "criminalizing political dissent in the United States of America. Welcome to the Brave New World of retribution justice. The IRS was also more recently accused of targeting Hollywood conservatives by demanding to know all the names of members of the Friends of Abe organization."

The way is being paved for the New World Order by silencing the opposition and forming a tyrannical Socialist government. Conservative activist group Project Veitas announced last week that it was being targeted by New York Governor Andrew Cuomo, who recently asserted that conservatives "have no place in the state of New York". Also recall, the Obama campaign itself was responsible for violations of campaign finance laws that dwarf those alleged to have been committed by D'Souza or McDonnell. The Obama campaign committee was hit with one of the largest ever fines handed down by the FEC when it was found to have illegally hid and improperly disclosed thousands of political donations to Obama's 2008 presidential run totaling nearly \$2 million dollars. In addition, according to a report by the Government Accountability Institute, the Obama campaign was **flooded with illegal donations from foreigners in 2012**, fraudulent contributions that were policed by the campaign itself without FEC interference and largely glossed over by the media. "This purge is designed to chill dissent and intimidate conservatives against being vocal and politically aggressive in the run-up to 2016, and about clearing a

path for Hillary Clinton's victory by means of dirty tricks and bullying tactics." How has America wound up in such a state of lawlessness, wickedness and dissolution?

Prophecy will be fulfilled. God says he is going to punish our nation and our people because we have been so stubborn, negligent, rebellious, and have rejected his laws of righteousness and truth.

*The Drudge Report (1/30/14)*—"Matt Drudge is arguably the most influential media personality in the world. With nearly one billion readers monthly, *The Drudge Report* is able to literally shift public sentiment, making it an essential read for D.C. insiders, Wall Street professionals and anyone who wants to stay on top of the latest global issues. With his established connections to critical spheres of influence that include everything from politics and government to finance and entertainment, when Drudge speaks, people listen. Noted over the weekend, the self-made media behemoth took to his Twitter account with a simple warning consisting of just four words...**Have an Exit Plan.** Drudge included no other details with his Tweet. Just three weeks ahead of the September 11<sup>th</sup> attack, Drudge headlined warnings of possible strikes on US-based targets. There have been insider reports indicating that a crisis of unprecedented magnitude is coming to the United States. Although it has not been reported on the alphabet news channels, the U.S. military has been actively war gaming collapse scenarios and engaging in highly suspicious exercises across U.S. metropolitan areas."

"While Matt Drudge's latest comments could be referring to anything, given the types of stories he's covered in recent years we could make the case that he is referring to worst-case scenarios. His exit plan warning may encompass any number of potential scenarios such as a coming shock to financial markets, evacuating major cities in an emergency, preparing for the destruction of our currency, or having a way to get out of the United States in the event of a Soviet-style purge. Whatever the case, Drudge understands his views and comments are followed by hundreds of millions of people worldwide and he would not publicly issue such a warning unless he has access to credible information that supports his claim. So we urge readers to remain vigilant and have a preparedness plan that includes emergency food storage, barter supplies, medicines, precious metals, and a strategic relocation plan in case you are forced to evacuate your current residence."

I would say more that that brethren. It is time to have an exit plan, but that must include #1—**Prayer to God.** God promises to his people who trust in Him and who set their love upon Him and call upon his name that in any situation—disaster or threats—He will be with you. **Psalm 91:1-13**—"He that dwells in the secret place of the most High shall abide under the shadow of the Almighty. **I will say of the Lord, He is my refuge and my fortress: my God; in Him will I trust.** Surely he shall deliver you from the snare of the fowler, and from the noisome pestilence. He will cover you with his feathers, and under his wings you will find refuge. His truth shall be your shield and buckler (rampart). You shall not be afraid of the terror of night, nor of the arrow that flies by day, nor the pestilence that stalks in the darkness, nor the destruction that lays waste at noonday. A thousand may fall at your side, and ten thousand at your right hand, but *it shall not come near you.* Because you have made the Lord, who is my refuge, Even the Most High, your dwelling place; no evil shall befall you, nor shall any plague come near your dwelling. Because he has set his love upon Me, I will rescue him; I will protect him, for he has known my name, and I will answer him; I will be with him in trouble; I will deliver him and honor him, with long life I will satisfy him, and show him My salvation." Brethren, our exit strategy is the word of God. My exit strategy is the word of God. I pray that you will study the word of God and meditate in it day and night as Joshua did. Then you will have true success and Divine protection in the days ahead.
